

## Cyril Jackson Senior Campus ArtsHouse Residency

### RESIDENCY SCHEDULE

The second and third of the ArtsHouse Artists in Residence Project will take place between **October 2018 to March 2019**, followed by **April to September 2019**. During this time, the artist will create new work as well as work with students, teachers and the community to provide hands on arts experiences, over a total duration of **64hours** per six month residency.

CJSC and the artist are required to meet at, or prior, to the commencement of the residency, to discuss and collaborate on objectives and outcomes; setting contact hours and schedule; plus taking into account the following calendar.

The residency will remain flexible enough for the artist to choose to participate in either a regular contact schedule (ie. attend weekly classes), or pursue the option to conduct intensive singular projects (ie. full-day workshops).

The key objectives are:

- To place artists in an educational setting and build awareness of their work in this sector.
- To give individual artists opportunities to develop their professional skills and develop new work.
- To focus on one or more of the main areas: Students at Educational Risk (SAER) and/or Digital art and literacy
